CITY OF JOHANNESBURG**

DATE: 25 SEPTEMBER 2019

SUBJECT: MEASURES TO CURB THE ABUSE OF COJ FLEET VEHICLES

In line with the CoJ Fleet Management Policy, and numerous cases reported of abuse of the City's vehicles, all entities and departments, as the custodians of the Group Fleet contract, must implement the following processes from 01 October 2019:

1. Drivers are urged to refrain from borrowing their allocated tags to their colleagues;
2. Employees with locomotion allowances should not drive or request transporting using City vehicles;
3. No vehicles may be used after hours without the proper authorization by a senior official in the CoJ/MOE's;
4. No vehicles may be used for any private use;
5. JMPD may request proof of the after-hour authorization at any time.

All CoJ vehicles have tracking devices, which can provide information as to where the vehicle is, driver behavior on the roads as well as the speeds limit. The attached form should be used as a template to obtain after hour authorization and should be readily available if requested by JMPD. Non-adherence to this process will be seen as a misconduct and non-adherence to Fleet Policies.

JMPD will conduct after-hour inspections to ensure that drivers have the necessary authorization to use CoJ vehicles. Those without written authorization will be charged for unauthorized use of CoJ motor vehicles which could be regarded as a criminal offence.
