

SA Government Tender Management System

Summary Process Flow Documentation

This document outlines the complete end-to-end process flow for the SA Government Tender Management System, compliant with PFMA, MFMA, PPPFA, and National Treasury regulations.

This System is Compliant to the following Regulatory Frameworks

- Constitution Section 217
- PFMA (Public Finance Management Act)
- MFMA (Municipal Finance Management Act)
- PPPFA (Preferential Procurement Policy Framework Act)
- B-BBEE Act
- National Treasury Regulations

Step 0: Annual Procurement Plan (APP)

- Model: sagovtender.annual.procurement.plan
- Purpose: Budget planning for procurement
- States: Draft → Submitted → Approved → In Progress → Completed/Cancelled

Step 1: Purchase Requisition

- Model: sagovtender.purchase.requisition
- Purpose: Department initiates procurement request
- States: Draft → Submitted → Budget Review → Budget Confirmed → Specification Development → SCM Processing → Approved/Rejected/Cancelled

Step 2: Budget Confirmation

- Model: sagovtender.budget.confirm
- Purpose: CFO/Finance confirms budget availability
- States: Draft → Submitted → Confirmed/Rejected

Step 3: Specification Development

- Model: sagovtender.specification
- Purpose: Technical team develops detailed specifications
- States: Draft → In Progress → Review → Approved/Rejected

Step 4: SCM Processing

- Model: sagovtender.tender
- State: scm_processing
- Action: action_start_scm_processing()
- Purpose: SCM officer prepares tender documentation

Step 5: Advertisement/Publication

- State: advertised
- Action: action_publish_tender()
- Purpose: Publicly advertise tender

Step 6: Briefing Session (Optional/Compulsory)

- Model: sagovtender.briefing.session
- States: briefing → bid_submission
- Actions: action_start_briefing(), action_schedule_briefing(), action_complete_briefing()
- Purpose: Clarify tender requirements to potential bidders

Step 7: Bid Submission Period

- State: bid_submission
- Action: action_open_bid_submission()
- Purpose: Accept bid submissions from suppliers

Step 8: Bid Opening

- Model: sagovtender.bid.opening.register
- State: opening
- Actions: action_close_submission(), action_conduct_opening(), action_close_opening()
- Purpose: Publicly open and register all bids

Step 9: Compliance Check

- Model: sagovtender.compliance.check
- State: compliance

- Actions: action_start_sagovcompliance_check(), action_end_sagovcompliance_check()
- Purpose: Verify bidder compliance with mandatory requirements

Step 10: Declaration of Interest

- Model: sagovtender.declaration.interest
- State: declaration
- Action: action_request_declarations()
- Purpose: BEC members declare any conflicts of interest

Step 11: BEC Evaluation

- Model: sagovtender.bid.evaluation
- State: evaluation
- Action: action_start_evaluation()
- Purpose: Bid Evaluation Committee evaluates compliant bids.

Step 12: BAC Review

- Model: sagovtender.bac.review
- State: sagovbac_review
- Action: action_send_to_bac()
- Purpose: Bid Adjudication Committee reviews BEC recommendation

Step 13: Tender Award

- Model: sagovtender.award
- State: awarded
- Action: action_award_tender()
- Purpose: Officially award tender to successful bidder

SA Government Tender Management System

Complete Process Flow Documentation

Step 0: Annual Procurement Plan (APP)

- Model: sagovtender.annual.procurement.plan
- Purpose: Budget planning for procurement
- States: Draft → Submitted → Approved → In Progress → Completed/Cancelled

Key Fields:

- Fiscal year
- Department
- Budget line
- Estimated value
- Available budget
- Procurement method

Output:

Approved budget allocation for procurement items

Step 1: Purchase Requisition

- Model: sagovtender.purchase.requisition
- Purpose: Department initiates procurement request
- States: Draft → Submitted → Budget Review → Budget Confirmed → Specification Development → SCM Processing → Approved/Rejected/Cancelled

Key Actions:

- Link to APP (if item is on approved plan)
- Specify item description, quantity, estimated cost
- Provide motivation (if not on APP)

Output:

Approved requisition linked to APP

Step 2: Budget Confirmation

- Model: sagovtender.budget.confirm
- Purpose: CFO/Finance confirms budget availability
- States: Draft → Submitted → Confirmed/Rejected

Key Validations:

- Check available budget against APP
- Verify budget line allocation
- Confirm sufficient funds

Output:

Budget confirmation with confirmed amount

Step 3: Specification Development

- Model: sagovtender.specification
- Purpose: Technical team develops detailed specifications
- States: Draft → In Progress → Review → Approved/Rejected

Key Components:

- Technical requirements
- Functional specifications
- Quality standards
- Delivery requirements

Output:

Approved specification document

Step 4: SCM Processing

- Model: sagovtender.tender
- State: scm_processing
- Action: action_start_scm_processing()
- Purpose: SCM officer prepares tender documentation

Activities:

- Assign SCM officer
- Prepare tender documents (SBD forms)
- Set tender type and procurement method
- Determine preference point system (80/20 or 90/10)
- Configure functionality evaluation criteria

Output:

Complete tender package ready for advertisement

Step 5: Advertisement/Publication

- State: advertised
- Action: action_publish_tender()
- Purpose: Publicly advertise tender

Requirements:

- Advertisement text prepared
- Tender documents attached
- Closing date/time set
- Opening date/time set

Activities:

- Publish on government platforms (eTender Portal, National Treasury)
- Set publication date
- Generate public access token for tender URL

Output:

Published tender with public access

Step 6: Briefing Session (Optional/Compulsory)

- Model: sagovtender.briefing.session
- States: briefing → bid_submission

- Actions: action_start_briefing(), action_schedule_briefing(), action_complete_briefing()
- Purpose: Clarify tender requirements to potential bidders

Activities:

- Schedule briefing session(s)
- Register attendees
- Conduct site visits (if applicable)
- Record questions and answers
- Mark attendance (compulsory/optional)

Output:

Completed briefing with attendee records and Q&A log

Step 7: Bid Submission Period

- State: bid_submission
- Action: action_open_bid_submission()
- Purpose: Accept bid submissions from suppliers

Activities:

- Bidders submit bids via portal or physical submission
- Track submission timestamps
- Ensure bids received before closing date/time

Output:

Collection of submitted bids

Step 8: Bid Opening

- Model: sagovtender.bid.opening.register
- State: opening
- Actions: action_close_submission(), action_conduct_opening(), action_close_opening()
- Purpose: Publicly open and register all bids

Activities:

- Create bid opening register
- Record opening date/time
- Register each bid with:
 - Bidder name
 - Bid amount
 - Validity period
 - Documents submitted
- Witness signatures

Output:

Official bid opening register

Step 9: Compliance Check

- Model: sagovtender.compliance.check
- State: compliance
- Actions: action_start_sagovcompliance_check(), action_end_sagovcompliance_check()
- Purpose: Verify bidder compliance with mandatory requirements

Verification Items:

- CSD (Central Supplier Database) registration
- Tax compliance status
- COID (Compensation for Occupational Injuries) registration
- B-BBEE certificate/affidavit
- SBD forms completion (SBD 1, 4, 6.1, 8, 9)
- Company registration documents
- Valid bid guarantee (if required)

Output:

Compliant/non-compliant status for each bid

Step 10: Declaration of Interest

- Model: sagovtender.declaration.interest
- State: declaration
- Action: action_request_declarations()
- Purpose: BEC members declare any conflicts of interest

Requirements:

- BEC committee assigned
- Each member completes declaration
- Declare relationships with bidders
- Declare financial interests

Output:

Completed declarations from all BEC members

Step 11: BEC Evaluation

- Model: sagovtender.bid.evaluation
- State: evaluation
- Action: action_start_evaluation()
- Purpose: Bid Evaluation Committee evaluates compliant bids

Evaluation Criteria:

- Functionality (if applicable):
 - Technical evaluation against criteria
 - Minimum threshold (e.g., 70%)

- Price Points: 80 or 90 points based on system
- B-BBEE Points: 20 or 10 points based on system

Scoring Formula:

- 80/20: $(\text{Lowest Price} / \text{Bid Price} \times 80) + \text{B-BBEE Points}$
- 90/10: $(\text{Lowest Price} / \text{Bid Price} \times 90) + \text{B-BBEE Points}$

Activities:

- Create evaluation records for compliant bids
- Score functionality (if applicable)
- Calculate price points
- Award B-BBEE points
- Calculate total scores
- Rank bidders
- Prepare BEC report

Output:

BEC evaluation report with recommended bidder

Step 12: BAC Review

- Model: sagovtender.bac.review
- State: sagovbac_review
- Action: action_send_to_bac()
- Purpose: Bid Adjudication Committee reviews BEC recommendation

Requirements:

- BEC evaluation completed
- BAC committee assigned

BAC Decisions:

- Approve: Accept BEC recommendation
- Reject: Reject recommendation
- Refer Back: Send back to BEC for clarification
- Cancel Tender: Cancel entire tender process

Activities:

- Review BEC report
- Verify evaluation methodology
- Check compliance with regulations
- Make final recommendation
- BAC members sign off

Output:

BAC decision and recommendation

Step 13: Tender Award

- Model: sagovtender.award
- State: awarded
- Action: action_award_tender()
- Purpose: Officially award tender to successful bidder

Requirements:

- BAC approval received
- BAC review completed

Activities:

- Create award record
- Specify awarded partner
- Record award value
- Set award date

- Generate award letter
- Notify successful bidder
- Notify unsuccessful bidders
- Create purchase order (optional integration)

Output:

Tender award with purchase order

Additional States

- Cancelled: Tender cancelled at any stage (reason recorded)
- Rejected: Tender rejected during approval process

Key Supporting Models

- Committees (sagovtender.committee): BEC and BAC committee management
- Documents (sagovtender.document): Tender document management
- Bids (sagovtender.bid): Individual bid submissions
- Partners (res.partner): Supplier/bidder information with compliance fields

Compliance Framework

- Constitution Section 217
- PFMA (Public Finance Management Act)
- MFMA (Municipal Finance Management Act)
- PPPFA (Preferential Procurement Policy Framework Act)
- B-BBEE Act
- National Treasury Regulations

Process Flow Summary

Step	Stage	Model	State
0	Annual Procurement Plan	sagovtender.annual.procurement.plan	draft → approved
1	Purchase Requisition	sagovtender.purchase.requisition	draft → approved
2	Budget Confirmation	sagovtender.budget.confirm	draft → confirmed
3	Specification Development	sagovtender.specification	draft → approved
4	SCM Processing	sagovtender.tender	scm_processing
5	Advertisement/Publication	sagovtender.tender	advertised
6	Briefing Session	sagovtender.briefing.session	briefing
7	Bid Submission Period	sagovtender.tender	bid_submission
8	Bid Opening	sagovtender.bid.opening.register	opening
